

# 1 16 beam splitter and 1 8 beam splitter

The AOA single-mode Planar Lightwave Circuit Splitter (PLCS) is developed based on unique silica glass waveguide process with reliable precision aligned fiber pigtail in a miniature package, it ...

Both 1XN and 2XN splitters can be constructed in this fashion with as many as eight or more outputs, with both low return losses and low insertion losses. This design is extremely flexible, allowing one to ...

Explore our comprehensive selection of high-performance fiber optic splitters. We offer a variety of PLC splitter types, including ABS box, LGX cassette, and rack-mount options with multiple split ratios.

This PLC Splitter is a 1x16, with 1 input and 16 output fibers with an even split ratio across all fibers regardless of input wavelength. PLC Splitters are available with 900µm loose tube singlemode fiber ...

Our beam splitters are made from high grade glass material with laser grade surface flatness & surface quality for tighter tolerance on the splitting ratio.

CRXCONEC offers a wide range of Steel Tube PLC splitters with various split ratios, including 1:4, 1:8, 1:16, 1:32, and 1:64. We tailor these splitters to meet your specific requirements, ensuring a ...

Dichroic Beamsplitters, which split light by wavelength, are often used as laser beam combiners or as broadband hot or cold mirrors. Non-Polarizing Beamsplitters, ideal for laser beam manipulation, split ...

Explore our collection of optical cable splitters and PON splitters for sale. Optical beam splitters are used to split the fiber optic light evenly into several parts at specific ratios. Buy optical splitters and passive ...

Thorlabs offers a wide range of optical beamsplitters. Our plate beamsplitters have a coated front surface that determines the beam splitting ratio while the back surface is wedged and AR coated in ...

This PLC Splitter is a 1x16, with 1 input and 16 output fibers with an even split ratio ...

There are two main types of beamsplitters, plate beamsplitter and cube beamsplitter and each has their own advantages. Some industries that use beamsplitters are interferometry, bio-medical, metrology, ...

Explore our comprehensive selection of high-performance fiber optic splitters. We ...

# 1 16 beam splitter and 1 8 beam splitter
