

16G Optical Cross Module

Smartoptics multiprotocol SFP+ transceivers support Fibre Channel speeds up to 16G and 10G Ethernet for storage, enterprise and mobile networks. SFP+ transceivers are focused on SAN protocols ...

Our 16G Fiber Channel SFP+ transceivers deliver enterprise-grade storage connectivity with data rates from 4.25 to 14.025 Gbps, supporting 4G, 8G, 10G, and 16G FC protocols. These hot-pluggable ...

Generic Compatible 16G Fiber Channel CWDM SFP+ Transceiver Module (SMF, ...

Optcore 16G SFP+ transceivers are an industry-standard fibre channel (16G FC) module for storage area networks (SANs) applications. Those modules offer short wavelength (SW), long wavelength ...

16G Optical Module 16G Single-Mode Optical Module is Compatible with Major Brands of switches, routers, and Server Network Cards

Our modules are factory pre-programmed for compatibility, perform identically to original Brocade 57-1000262-01 transceivers. Brocade 57-1000262-01 compatible optical transceiver is a dual fiber ...

This module is a high-performance SFP+ optical transceiver designed as a fully compatible alternative to the Cisco DS-SFP-FC16G-SW. It is engineered ...

The 16g SFP modules produced by SULITON are suitable for most switch brands on the market, such as MSA, Cisco, Huawei, Juniper, Dell, Edge-Core and other switches.

This guide explores the fundamentals of SFP 16G, including its technical specifications, module types, performance advantages, and real-world applications. It also examines how it compares to other ...

16G FC SFP+ optical transceivers are widely used in SAN, such as Fiber Channel switches and in Fiber Channel HBA (Host Bus Adapters) servers - AscentOptics.

This module is a high-performance SFP+ optical transceiver designed as a fully compatible alternative to the Cisco DS-SFP-FC16G-SW. It is engineered specifically for high-speed Storage Area Network ...

Generic Compatible 16G Fiber Channel CWDM SFP+ Transceiver Module (SMF, 1470-1610nm, 40km, LC, DOM) Generic compatible SFP+ transceiver supports up to 40km link lengths over single-mode ...

16G Optical Cross Module
