

4-channel fiber optic ring network switch

The Industrial 4+8+16 Managed Rack Mount Fiber Switch has a built-in web interface and supports fiber ring topologies.

Learn how to design a fiber optic ring network with practical diagrams, topologies, and switch setup tips. Explore ring network switch options for industrial applications.

The QuickSwitch®; 6254 Quad Channel LC Duplex A/B Switch with Telnet and GUI allows a device connected to the COM port access to the A or B port for each channel.

Shop DigiKey's large in-stock selection of Fiber Optic Switches, Multiplexers, Demultiplexers. View inventory, pricing and order now for same day shipping!

5-Port 2.5Gb Switch with 10Gb SFP+ Port, Less Heat Unmanaged Multigig Ethernet Splitter for NAS, Gaming, PC - Plug & Play, Silent Aluminum Housing, Professional Grade 2.5 Gigabit Network Switch

The switch provides 4 controllable DC12V power outputs, with a maximum power of 12W per channel. It can remotely control the on/off of a single power supply, meeting the power needs of most cameras ...

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

This switch is a next generation Layer 2 managed switch with 128Gbps switching capacity. It provides up to (24) dual speed fiber slots and (4) 10Gig aggregation ports, it's an ideal switch for fiber ...

The IFGS-620TF, Unmanaged industrial-grade Ring Ethernet Switch, features four 10/100BASE-TX copper ports and two 1000BASE-X SFP fiber ports and packed in an IP30-rated rugged but compact ...

Senring fiber optic rotary joint 4 channel FORJ support 4 channel fiber transmitting, OD 56mm, 67mm, 86mm optional, hybrid solutions combining 4 channel fiber and signal/power channels available.
