

50kW High-Frequency Switching Power Supply for Power Systems

With its 50kW capacity and precise square wave generation, the HFC Frequency Converter meets the demanding requirements of industrial power testing applications, delivering reliable performance for ...

ANE 50kw energy storage converter module adopts modular design, with off-grid, grid-connected and rectifier modes, and can be intelligently switched between the three modes, and has reactive power ...

Preen's ADG series is a programmable DC power supply with high power density and high output power, offering great response time, high accuracy and many output voltage and current combinations.

The 50kW EV Charger Module is a high-efficiency AC-DC power module designed to charge electric vehicles (EVs) using DC from a 3-phase supply. Strategically sized at 50kW to suit desired charger ...

XYH series high-precision bidirectional DC power supply is a bidirectional charging and discharging device. It adopts two-stage conversion structure, IGBT type DC power supply with high precision, ...

The Pacific Power 3060-MS is a high power solid state frequency converter consisting of one 62.5 kVA, 3 phase AC Power Source. It offers reliable voltage and frequency conversion and power monitoring ...

Highly efficient, easy-to-deploy 50 kW, 208 V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical ...

99% efficiency, modular design, 50kW AC DC converter module, expandable to 1MW PCS, easy maintenance, perfect for industrial and commercial energy storage

50kw dc power supply - high power and precision for various applications. Reliable, efficient, and programmable. Perfect for industrial and scientific use.

ANE 50kw energy storage converter module adopts modular design, with off-grid, ...

Discover Sunwin's 50KW Power Supply, offering customizable, high-quality power solutions for industrial machinery and sensitive electronics. Compliant with international safety and EMC standards, ...

50kW High-Frequency Switching Power Supply for Power Systems
