Attenuator

Our male-to-female buildout optical attenuation (Pads) are available across all fiber modes, featuring LC, LC/APC, SC, SC/APC, FC, FC/APC, and ST connector types. Our in-line attenuator is customized to ...

Explore 28 top manufacturers and suppliers of Attenuators in our comprehensive photonics buyers" guide. An attenuator is an electronic transducer, either fixed or adjustable, that reduces the ...

Search by location, supplier type, certifications, and more. Find Optical Attenuators Suppliers near you.

We make best-in-class optic/electro-optic products based on over 25 years of intensive R& D and rigorous engineering. We strive to provide premium product solutions with unmatched value.

Shop DigiKey"s large in-stock selection of Fiber Optic Attenuators. View inventory, pricing and order now for same day shipping!

This section provides an overview for optical attenuators as well as their applications and principles. Also, please take a look at the list of 23 optical attenuator manufacturers and their company rankings.

This optical attenuators buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Attenuators from VIAVI offer a complete range of power-balancing options, from fixed to variable optical attenuators in field, lab, and manufacturing environments.

Standard wavelength windows are the C, L, C+L or S bands. Attenuators may also be optimized for custom attenuation levels, tolerances and wavelengths - contact AMS Technologies to discuss your ...

FS fixed and variable fiber optic attenuators with leading attenuating fibers guarantee consistent and stable fiber attenuation (0~60dB) in WDM transmission.
