

Anti-tracking fiber optic heat shrink tubing for IoT

A specially designed cross-linked Clear Heat Shrinkable tubing, with Clear fusion tubing liner, providing protection to fiber optical splices. Available with single fiber and ribbon fiber.

Offering superior anti-tracking and flame-retardant properties, this tubing ensures reliable protection in demanding electrical environments. Featuring a 3:1 shrink ratio, it fits a wide range of cable sizes, ...

This HAILE heat shrinkable tubing is specifically engineered for fiber optic cable splicing protection. Featuring hot melt adhesive lining, the tubing offers excellent sealing performance against water, ...

Shop high-quality optic fiber heat shrink tubes for reliable fiber protection. Enjoy durable, transparent, and efficient solutions for your networking needs.

Customizable color options for convenient installation and identification. Available with single fiber and ribbon fiber. Customized designs are available upon request. Experience the convenience, reliability, ...

These field-proven products are known for ease of use and durability, even in extreme conditions. Count on a wide range of high quality heat shrink tubing products from 3M for insulating, protecting, ...

Cotransglobal provide cost effective Heat Shrink Anti tracking Insulation Tube (1~36kV) to our clients. Our experienced staff can discuss your requirements at any time and ensure complete customer ...

It is made up of cross linked polyolefin heat-shrinkable tubes, hot melt tubes and Stainless steel rod, which is specifically designed for the protection of fiber optical closure.

Rated for system voltages up to 66kV, this premium red tubing offers exceptional resistance to tracking, erosion, UV degradation, and environmental contaminants, ensuring long-term operational reliability ...

A specially designed crosslinked Clear Heat Shrinkable tubing, with Clear fusion tubing liner, providing SS304 strength member and protection to fiber optical splices.

It is made up of cross linked polyolefin heat-shrinkable tubes, hot ...
