

# Armored Dual-Core Optical Cable Model

Hard Eastomeric Tight Buffered Optical Fiber Acrylate Fiber Coating Optical Fiber Aramid Yarn Strength Member Core-Locked™ Flame Retardant Polyurethane Tactical Jacket 2 - AWG16 Stranded ...

Featuring Corning® glass, the fiber optic cables protected within are OFCP rated and contain tight buffered fibers with aramid yarn strength members. Plenum fiber is also safer than other cable jacket ...

Specifications are correct at time of printing and subject to change or alteration without notice.

Provide a smaller crush resistant pathway for improved design flexibility and lower installed cost. This cable is available with OS2 Singlemode, OM1 Multimode, or the highest quality OM3 and OM4 laser ...

Physical Characteristics Dielectric, armored, double-armored, dual jacket (depending on model) Fiber count: 24 Buffer tube count: 5 UV-resistant

The armored fiber optic cables come in single mode and multimode categories like OM1, OM2, OM3 and OM4. This category of fiber optic cables is ideal for outdoor, aerial, duct and direct burial applications ...

High-Speed Performance--- The OS2 LC to LC Industrial TPU outdoor fiber optic cable is specifically designed for high-speed data transmission, with the capability to support bandwidths of up to 100 Gbps.

Featuring a robust TPU (Thermoplastic Polyurethane) outer jacket and armored protection, it is suitable for both indoor and outdoor applications, including industrial, military, and emergency scenarios.

Get diverse armored fiber patch cables for stronger protection of the optical fibers and stable transmission to support fiber optic cabling in harsh environments.

Browse our armored fiber optic cables and patch cables today. We carry OM4 and OM3 fiber optical jumpers, 50/125 10G, 40G, 100G, LSZH rated and more.
