

Belarusian DAC High-Speed Cable 25G

Up to 25.88243 Gbps data rate. Hot-pluggable SFP 20PIN footprint. Compliant with enhanced EMI/EMC performance. RoHS Compliant.

C-LIGHT independently developed the 25G DAC high-speed cable, whose communication protocol complies with IEEE 802.3ba; interface protocol complies with SFF-8431, SFF-8472; packaging ...

An SFP-25G-BX40D-I device is always connected to an SFP-25G-BX40U-I device with a single strand of standard SMF. The communication over a single strand is achieved by separating ...

Product description The SFP-25G-02C is a passive copper direct attach cable (DAC) with SFP28 connectors and has 2m length. Cable provides short distance (same shelf) inexpensive connectivity ...

SFP28 direct attach cable is a low-cost, high-efficiency high-speed interconnection solution with a single channel maximum transmission rate of up to 25Gbps. It is suitable for stacking and connection of ...

With these features, this easy to install, high speed, cost-effective direct attach copper twinax cable is suitable for short-distance connectivity within a rack or between adjacent racks in data centers.

The 25G DAC cable is an essential solution for data centers that need fast, reliable, and affordable short-distance connections. It delivers high bandwidth, low latency, and cost savings while ...

Siemon SFP28 25G passive Direct Attach Copper Cable assemblies are designed to exceed industry standard performance offering a cost-effective, low latency, low-power option for high-speed data ...

Perfect for 25-Gigabit Ethernet links via our SFP28 DAC Cables, 100-Gigabit Ethernet links via our QSFP28 DAC Cables or for 25G-100G link aggregation via QSFP28 to 4 x SFP28 DAC Breakout ...
