

Bulgaria Consulting AOC Active Optical Cable QSFP28

Small Diameter Bundles AOC's thin diameter allow for smaller bundles which promotes better airflow.

The 100G QSFP28 AOC cables provide an ideal alternative solution to QSFP28 DAC (direct attach copper cables) and QSFP28 transceivers of short reach while providing improved signal integrity, ...

This product is a high data rate parallel active optical cable (AOC), to overcome the bandwidth limitation of traditional copper cable. This product converts the parallel electrical input signals into parallel ...

These high performance and low power consumption AOCs are Ethernet, InfiniBand and MSA compliant with a robust construction, including a high-strength pull tab latching system which reduces plug loss ...

Amphenol 100G QSFP28 to QSFP28 Active Optical Cable assemblies are a reliable, cost and power efficient, integrated solution which is ideal for high density signal transmission typically ...

This cable is fully compliant with the latest QSFP28 Multi-Source Agreement (MSA), IEEE 802.3bm standards and industry-standard SFF-8636 specifications. It is compatible with all QSFP and QSFP+ ...

Compliant with QSFP28 MSA standards, these active optical cables offer a low-cost solution for data centers and high-performance computing, and can be seamlessly integrated with ...

Acton's 100G QSFP28 Active Optical Cable (AOC) ensures high-speed data transfer with reliable performance. Explore our AOC solutions today!

100G QSFP28 AOC active optical cable for high-speed data center interconnects, delivering low power consumption, lightweight design and reliable 100G Ethernet connectivity.

This product line includes 100GbE and InfiniBand; SFP28 for applications up to 25 to 28 Gb/s. Each cable solution leverages 10Gtek's fiber optic technology for the transmission of data while reducing ...
