

Chain of the fiber optic cable pulling machine

Cable pulling machines allow the users quick, safest and easiest ways for easy installation of fiber optic cables as well as HV electrical power cables.

Manufacturer of fiber optic cable pulling trailers, skid units, capstans, and other portable conduit pulling equipment for underground and aerial construction. All cable pulling machines come ready to work.

The Fiber Optic Cable Puller from Condux sets new standards for safe, accurate pulling of fiber optic cables. Only the Condux puller can offer load cell torque input for the most accurate tension ...

Our efficient SZ stranding technology is designed to manufacture fiber optic al cables for a wide range of indoor and outdoor applications. The stranding process guarantees low stranding tension fluctuation, ...

The Fiber Cable puller is a simple, easy to use cable puller that is designed to accommodate industry standard sheaves of 9", 24", 30" or 40" diameter specifically intended for use with fiber optic cables ...

Improve cable installations with a cable puller machine. Learn how it works, where it's used, and what to check before you buy.

Installed over a manhole or intermediate access point, this heavy-duty sheave allows fiber cable to lead up, wrap smoothly around the drum, and continue into the next conduit section without tight angles or ...

This Fiber Cable Puller supports multiple standard sheave sizes for fiber optic cables, and can be ordered with a gas or electric TUF-Lugger Lite winch.

Timberland Equipment designs and builds a complete range of small and large pullers for fiber-optic applications, including truck- and pole-mounted models. Timberland fiber-optic pullers provide ...

The Fiber Cable puller is a simple, easy to use cable puller that is designed to accommodate industry standard sheaves specifically intended for use with fiber optic cables requiring a minimum bend radius.
