

Cisco SX optical module

THE IT PRO'S CHOICE: Designed and built for IT Professionals, this SFP module is backed for life (lifetime of module, not network switch), including free lifetime 24/5 multi-lingual technical assistance.

FS Cisco compatible GLC-SX-MM SFP optical transceiver, up to 550m link lengths over multimode fiber (MMF), applied for Gigabit Ethernet communication links, enterprise/data center LAN & SAN networks.

Learn about the Cisco 1000BASE-SX SFP module, offering dependable and cost-effective Gigabit Ethernet connectivity.

The Cisco GLC-SX-MM operates on ordinary multi-mode fiber optic link spans of up to 550 m in length.

The optical characteristics of this transceiver are finely tuned for precision and efficiency. The transmitter operates at a center wavelength of 850nm with an output power range between -8dBm and -3dBm, ...

Item #266607 StarTech Cisco GLC-SX-MM Compatible SFP Module - 1000BASE-SX Fiber Optical SFP Transceiver - Lifetime Warranty - SFPGLCSXMMST 3.0

This data sheet describes the benefits, specifications, and ordering information for the Cisco SFP Modules for Gigabit Ethernet Applications.

Cisco GLC-SX-MM Compatible SFP optical transceiver module is equipped with an LC duplex connector, which is high-performance, cost-effective, supporting 1.25Gbps data-rate and 550m ...

The SX SFP module (1000BASE-SX) remains a cornerstone of modern networking because it balances performance, low power consumption, and extreme cost-efficiency. By ...

An SX module uses an 850nm laser designed specifically for the wider core of Multimode fiber (50µm or 62.5µm). If you plug it into a 9µm Single Mode cable, the light will scatter, resulting in extremely high ...
