

Congo supplier DAC high-speed cable 2 5G

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

C-FLINK technology|DAC High speed copper cable|AOC optical cable City Product Center_1 C-FLINK is a rapidly growing telecommunication cable enterprise. We focus on high-speed connection and ...

Independently tested to be interoperable with most major equipment manufacturers, Siemon interconnects deliver cost-effective, flexible support for your high-speed, direct attach equipment ...

MES provides high-quality cables and transformers in Congo. Ensure reliable power distribution with our expert engineering and durable solutions.

With the features of the low cost, low power consumption and low latency, it is an alternative to optical transceivers for short reach links in high-speed interconnect applications such as Data Center, HPC ...

High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility.

Pole Mounted, Pad mounted, Ground Mounted, Compact Substation. The process includes replacement of damaged or worn-out parts and accessories of the Transformer including Bushings, ...

These cable assemblies support aggregate data rates of 25, 50, 100, 200, 400 and 800 Gbps. We offer custom cabling solutions and corresponding pluggable I/O cages and connectors.

NVIDIA ® LinkX ® Ethernet DAC cables are the lowest-cost way to create high-speed 100G-400G links in Ethernet switching networks and for NVIDIA GPU-based systems.
