

Customized Asian Fire-Resistant Cable Trays

Our expert R& D team designs custom cable trays based on your drawings and environmental needs. Proven in global projects from German auto factories to Middle Eastern oil fields.

We can produce cable trays in non-standard sizes, colors (with powder coating), bends, tees, reducers, and other accessories to fit your specific project layout.

With a focus on durability and fire resistance, our cable trays are available in widths ranging from 50 mm to 1000 mm, providing flexibility in design and installation. The length of the tray can be customized ...

These trays can accommodate large number of branch lines and have high load-bearing capacity. The cable trays have great mechanical strength and requires minimum maintenance.
