

Czech professional temperature measurement optical cable unit price

Neoptix is a fast paced, imaginative and agile company that designs and manufactures fiber optic temperature sensors for manual and automated measurements for transformer windings temperature ...

We are a leading Czech manufacturer of sensors for physical quantities. We develop, manufacture and sell resistance temperature sensors for temperature, humidity, CO₂, level, flow and position.

We provide different types of TMS units for diverse methods of data capturing. There are currently 4 variations: TMS Standard, TMS Extreme, TMS Long and TMS Buriable.

High-definition temperature sensing based on the natural Rayleigh backscatter in optical fiber delivers a virtually continuous line of temperature measurements with sub-millimeter spatial resolution. Learn ...

Modern production of singlemode and multimode fiber optic cables from Czech Republic. The cables are suitable for variant type of installations.

Here, you can immerse yourself in our premium metrology tools and equipment with professional hands-on demonstrations to find the ideal solution tailored to your ...

Yokogawa DTSX3000 measures temperature and distance over the length of an optical fiber using the Raman scatter principle. A pulse of light (laser pulse) launched into an optical fiber is scattered by ...

Here, you can immerse yourself in our premium metrology tools and equipment with professional hands-on demonstrations to find the ideal solution tailored to your needs, while our team of experienced ...

Continental VDO - Oil Temperature Sensor 150°C - 5/8-18 UNF-2A VDO 323-805-003-003N
Temperature measuring range: +50°C to +150°C Thread: 5/8-18 UNF-2A Resistance Rating:
322.8 - ...

10% discount on OC505 and OC-505-D calibrators including OC505-SOFT software. Use the discount code and get a universal process and temperature calibrator at a great price.

Our Products Temperature Transmitters CSA/UL/Marine certified fiber optic temperature transmitters for industrial applications.
