

Marvell paves the way deploying merchant Digital Signal Processor (DSP) technology into low-power, high-density QSFP-DD, OSFP and CFP2-DCO coherent pluggable modules for cloud and telecom ...

Explore CommScope's efficient and scalable fiber splice panels designed for seamless connectivity. Accommodating LC, SC, and MTP/MPO connectors, these panels are ideal for data centers, ...

MaxLinear's highly integrated PAM4 DSPs offer superior link-margin performance and low power to enable 100G, 400G, 800G, and 1.6T optical interconnects inside the data center. Filter your results ...

Engineered for ultra high-bandwidth and ultimate scalability, DigitalMedia 8G Fiber (DM 8G Fiber) provides a true one-wire lossless transport for moving high-definition video, audio, Ethernet, and ...

The APA-TOS1 is a fiber-optic audio output add-on accessory for use with an AmpPRO interface. The APA-TOS1 easily installs in your AmpPRO interface and instantly provides a digital Toslink output. ...

This module supports fiber-optic DM input (D/M ports), HDMI output, and analog stereo audio output, and includes on-board digital signal processing (DSP) for enhanced audio routing and mixing in ...

DSP is an optical DVI extension module that is designed to transmit HD video signal over 300 meters (1,000 ft) on DVI standard. It can transmit EDID data on HDCP over fiber in real-time.

Marvell paves the way deploying merchant Digital Signal Processor (DSP) technology into low-power, high-density QSFP-DD, OSFP and CFP2-DCO ...

Integrates the control system, matrix switcher, video scaler, streaming decoder, mic mixer, audio DSP, amplifier, and DigitalMedia distribution center all into a single 3-space rackmount package.

Audio engineers increasingly bridge consoles, DSP, and Dante or AV-over-IP endpoints using fiber for immunity to ground noise. This article helps studio, integrator, and venue teams ...

With sleek, minimalist designs, Alfatron's DSP Wall Panel Controllers blend seamlessly into any environment, enhancing the aesthetics of the space while providing intuitive control over audio systems.

# DSP control panel with fiber optic cable
