

Denmark Solution Standalone Switch 100G

The DIS-100G-10 is an industrial unmanaged switch equipped with eight 1G ports and two SFP ports, providing plug-and-play simplicity deployment. The SFP ports support long-range data transmission, ...

NADDOD's 100G data center switch is a powerful networking solution that provides high-speed connectivity for modern data centers. These switches deliver speeds of up to 100Gbps, making them ...

The tough housing has been created to keep your network protected and reliably rugged. That's why every DIS-switch comes with a 5-year D-Link warranty.

SND5320 implements 32 QSFP28 100 GbE ports in the 1RU chassis. The built-in switch chip provides up to 3.2 Tbps bandwidth and line-speed L2 and L3 switching. The switch support up to 32 x 40/100 ...

FS 100G Switches offer high programmability and scalability, designed for large enterprises and hyper-converged infrastructure (HCI) networks. Learn more!

No hidden costs with simple one license per switch for all operating system features. All switch ports are active and ready to use without the need for activation licenses.

The Emerald 100-Gigabit Ethernet Network Switch, 32-Port works well with Emerald transmitters and receivers to support 4K connectivity to these endpoints. This high-performance Emerald network ...

HPE Aruba Networking CX 8100 24p SFP+ 25G 4p QSFP28 100G B2F Switch Bundle offers powerful switching performance with scalable connectivity, and dual AC power redundancy.

Fixed configuration, 32 port 100G/400G switch designed to provide flexible, high-density networking for servers, storage, and intra-fabric connectivity. Carrier class high availability with high performance ...

FS 100 Gigabit data center switches with build-in broadcom switch chip provides powerful hardware switching capacity and data center features (supporting stacking, MLAG, RoCEv2, PFC, ECN, ...
