Which Qualities Make Wire Jumpers Advantageous? What Lengths and Colors Are available? What Gauges Are available? Why Do Wire Jumpers Carry Different Terminals on The Ends? Where Would I Use The Diode Wire Jumper? Although it varies from style to style, our wire jumpers are available in four-inch or six-inch lengths making them the ideal size for use on most electrical panels. You can choose from black, red, orange, yellow, and blue as your color options. All of these options are on top of the variety of terminations you can get on the ends. This way we offe...
