For fiber work in communities and cities, Vermeer has the full equipment lineup and is sized for your fiber-installation needs. Choose from a wide range of machine options and the support equipment ...

Durable pole brackets and hooks for secure aerial fiber optic cable installation, providing reliable support on utility poles and towers.

-- Fiber optic cable hooks are made of epoxy resin and can be used for a long time in various environments. --

Excavator hooks fiber optic cable

The length of the hook is removable and can be flexibly adjusted according to ...

The Fiber Cable puller is a simple, easy to use cable puller that is designed to accommodate industry standard sheaves of 9", 24", 30" or 40" diameter specifically intended for use with fiber optic cables ...

J-hooks provide flexible and efficient cable routing for fiber optic and low-voltage cabling. They support large cable bundles, reducing stress and minimizing the risk of signal interference.

Installed over a manhole or intermediate access point, this heavy-duty sheave allows fiber cable to lead up, wrap smoothly around the drum, and continue into the next conduit section without tight angles or ...

Four tool sizes cover wide range of cable sizes up to 1000 MCM. Provides power and leverage to easily install, bend, & terminate cables. High-strength steel construction and durable powder coat finish ...

A complete fiber optic cable pulling jobsite setup requires a Fiber Optic Cable Puller (with foot control and hoses), a capstan, a puller mount, and a hydraulic power source. These components are ...

Lightweight and capable of handling loads not to exceed 1000 lbs., (Fiber Optic Cable recommended load rating is 600LBF), The Hi-Roller comes with a 3/8" Stainless Steel, multi-swivel slip hook for ...

Extend your LC/SC Fiber Optic Cables length without replacing the original fiber cable. Durable and compact, high performance hybrid fiber optical adapter design with low insertion and return loss.
