

FC pigtail fabrication

FiberMania manufactures high-quality FC pigtails designed for demanding applications in telecommunications, fiber optic testing, optical instruments, and laboratory environments.

As a professional fiber optic pigtail manufacturer with 20 years of experience, OTRANS specializes in bulk production of standard pigtail solutions.

These fiber optic pigtail connectors are compliant to IEC, TIA/EIA, NTT and JIS specifications. The FC connector is a one piece construction and push pull off design.

The bare fiber end of the pigtail can be fusion spliced to another fiber or attached to a splice tray or connector panel. Fiber optic pigtails are available in various fiber types, lengths, and connector ...

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

FS offers custom fiber pigtails in any connector & fiber type with tight buffer, armored and bend insensitive fiber design for easy fusion or mechanical splicing.

Available in single mode and multimode, our fiber pigtails come in SC, LC, FC, and ST connectors. Made from high-quality jackets with diameters of 0.9mm, 2mm, or 3mm, each pigtail is factory ...

In addition to our standard offerings, we can create customized pigtails tailored to your specific requirements. Whether you need industry-standard 62.5/125µm multimode or 9/125µm single-mode, ...

These pigtails feature premium-grade jackets and are equipped with LC, SC, ST, and FC connectors, typically with a 0.9mm outer diameter cable. Additionally, we provide options for simplex and duplex ...
