

Fiber to Electrical Converter Switch

The FIS PoE Switch provides power and data from a single point, using power over Ethernet over a single CAT5e cable. The eight RJ45 network ports plus one fiber port can be used for any 10/100 ...

Discover fiber to ethernet converters for extending your network. Find gigabit media converters with reliable performance on Amazon.

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

This customizable media converter changes your fiber connection to copper and extends power + data to a PoE+ device. Install your own transceiver.

The EnGenius SFP2500 is a versatile fiber-to-copper transceiver designed to convert optical signals from fiber optic cables into electrical signals for copper Ethernet cables.

These products are perfect for a wide variety of harsh environment applications including shipboard, aerospace, ground-based, or industrial systems that need copper and fiber channels.

FS Fiber Media Converters: copper-to-fiber, fiber-to-fiber, Managed, Industrial & PoE models. Extend transmission to 160 km with multi-rate & multi-protocol support.

The SEL-2725 is an unmanaged five-port switch and copper-to-fiber media converter. Apply to build reliable, safe Ethernet networks in electrical substations, plants, and other mission critical sites.

The MC200CM is a media converter designed to convert 1000BASE-SX fiber to 1000Base-T copper media or vice versa. Designed under IEEE802.3ab 1000Base-T and IEEE802.3z 1000Base-SX ...

The TC3240 4-port Switching/Bridging Fiber Optic Ethernet Media Converter converts or connects UTP (10/100Base-TX) networks to Fiber Optic (100Base-FX) networks.

This customizable media converter changes your fiber connection to copper and ...
