

# Fiberglass cable trays and cable ducts

Build a cable management system with Cablofil wire mesh cable tray, ladder cable tray, prefab assemblies for branch circuit wiring, fasteners, and accessories.

Our fiberglass cable tray gives you the load capacity of steel plus the inherent characteristics afforded by our Protrusion Technology: non-conductive, non-magnetic, and corrosion-resistant.

GangLong Fiberglass is recognized for its comprehensive range of cable tray solutions that cater to diverse industrial and commercial needs. GangLong Fiberglass's cable trays are well-regarded for ...

Tested for ABS, NEMA and IEC, B-Line series fiberglass cable tray is ideal for harsh, marine and caustic environments. Learn about its corrosion resistant properties.

Our Fiberglass tray weighs 1/3 that of steel trays and is pound for pound stronger. This makes the tray easy to install, reduces the possibility of lifting accidents, and lowers transportation costs. MP Husky ...

ICMS Fiberglass cable tray system has been designed to work in most extreme corrosive environments for managing the cables. The system including straight Length, fittings and accessories is ...

Learn fiberglass cable tray types and specs. Compare trough, tray, ladder and epoxy composite systems to choose the right cable support for industrial projects.

Durable Cope fiberglass cable trays for industrial environments, NEMA 20C compliant.

Made from the highest quality pultruded materials, our Fiber Reinforced Polymer (FRP) cable tray is extremely durable and resistant to chemical attack, with a proven record of performance in the most ...

Made from fiberglass-reinforced plastic (FRP), it offers superior strength, lightweight design, and resistance to harsh environmental conditions such as moisture, chemicals, and extreme ...
