

GYXTW Aerial Optical Cable

GYXTW single-armored cables feature central loose tube wrapped with a layer of PSP longitudinally, excellent crush-resistant performance. Between the PSP and the loose tube water-blocking material ...

Lightweight GYXTW central tube fiber optic cable with steel wire reinforcement, ideal for aerial FTTH installations. Features all-medium lightning protection and easy ...

The GYXTW outdoor optical fiber cable features a central loose tube design with steel wire reinforcement, ensuring reliable performance for duct and aerial installations. Its durable PE sheath ...

The Unitube Light Armored GYXTW fiber optic cable is designed for aerial applications, offering exceptional performance for long-distance symmetric communication.

The GYXTW Fiber Optic Cable is a robust and highly reliable solution engineered for outdoor communication systems. Designed by EPCOM for superior performance in challenging ...

Unitube Light Armored GYXTW is an outdoor use optical fiber cable suitable for duct and aerial applications. We supply GYXTW from 2 fiber cores to 24 fiber cores. Both single mode type and ...

GYXTW 4-24 Core Outdoor Aerial Fiber Optic Cable: lightweight and weather-resistant.

Durable GYXTW aerial fiber optic cable with steel wire reinforcement, 2-12 cores, and PE sheath. Ideal for outdoor installations with -40?~85? tolerance.

4 Core GYXTW Fiber Optic Cable Aerial Duct Direct Burial is designed for outdoor and underground fiber optic communication networks. It features a robust structure with high tensile strength, ...

GYXTW fiber optic cable is an outdoor use optical fiber cable suitable for duct and aerial applications. GL supply GYXTW cable from 2 fiber cores to 24 fiber cores.
