Premier Corrugated HDPE is manufactured from High Density Polyethylene (HDPE) and is intended to be placed inside of existing innerduct. It's ideal for pulls under 1000 ft. and is designed to reduce ...

Corrugated Innerduct is specially designed for fiber optic cables, featuring a low cable pulling friction and a low weight per foot for easy handling. Custom cuts are available from our stock sizes and colors.

Specially designed for fiber optic cables, this corrugated innerduct has no reel memory which eliminates spiraling of the innerduct in the conduit and includes a pre-installed polyester pull tape.

Its lightweight, flexible corrugated design makes it easy to install. The corrugations also assure excellent crush resistance for long term protection of delicate optical fibers.
