

Huijue 2960g Optical Module

The Catalyst 2960 switch uses SFP modules for fiber-optic and copper uplink ports. See the Catalyst 2960 switch release notes for a list of supported SFP modules.

Founded in 2002, Huijue Group is a leading Energy Storage Equipment Manufacturers, a high-tech service provider integrating intelligent network communication equipment, new energy and applications.

Shanghai HuiJue Technologies Group Co., Ltd. Products:Home energy storage system, Telecom power supply, Energy Storage Battery, Site energy solution, Energy storage container

Cisco Catalyst 2960-X and 2960-XR Switches now support QSFP-4X10G-AOC5M, the 40GQSFP to four 10G SFP+ direct attach breakout Active Optical cable assembly. Each port must ...

HJ-EMS energy management and operation platform Introduction: The HJ-EMS energy management operation platform usually integrates a variety of functional modules, Discover cutting-edge energy ...

Huijue Group's Mobile Solar Container offers a compact, transportable solar power system with integrated panels, battery storage, and smart management, providing reliable clean energy for off ...

Supports grid-connected & off-grid modes for emergency charging. The Huijue's Optical-storage-charging application scenario is a typical application of microgrid energy storage. The core consists ...

The Huijue Group's Optical-storage-charging application scenario is a typical application of microgrid energy storage. The core consists of three parts - photovoltaic power generation, energy storage ...

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

Our 500,000 m², staffed with 500 workers and equipped with 4 production lines, can output 2000 units telecom cabinet per month. We strictly control every production process, establish a strict quality ...
