

Our optimized SFN architectures ensure precise distribution of chilled fluids, maintaining stable temperatures across critical IT loads while minimizing operational risks and maximizing cooling ...

HYDERABAD: Refroid Technologies Pvt. Ltd. (Refroid), a trailblazer in advanced industrial and comfort cooling technologies, proudly announces the ...

Take steps now to modernize your facility and thermal management strategies for tomorrow's liquid-cooled switches. Meet with your Cisco team or partner to discuss how to design, ...

This whitepaper presents the concept and design of STT GDC India's Liquid Cooling Innovation Lab, created to evaluate, benchmark, and compare multiple liquid cooling technologies for diverse high ...

Learn how cooling fiber optic SFP transceivers perform under liquid cooling in a leaf-spine data center, with specs, ROI, and fixes for thermal issues.

By co-developing this liquid coolant, BPCL becomes the first Indian energy company to take this initiative, solidifying its dedication to innovation and environmental stewardship.

HYDERABAD: Refroid Technologies Pvt. Ltd. (Refroid), a trailblazer in advanced industrial and comfort cooling technologies, proudly announces the launch of India's first ...

The Q3450-LD liquid-cooling system features two parallel cooling loops operating concurrently. Liquid enters via two separate inlet ports and exits through two outlet ports.

STULZ offers standardized, prefabricated Liquid Cooling systems - ready to connect to your facility water system. Fully manufactured and tested, these all-in-one solutions are quick to deploy and ...

Explore our end-to-end liquid cooling solutions for AI, high-density IT, and sustainable thermal performance.

Are You Still Using The Traditional Cooling Methods For Your Large Data Centers? It's Time To Switch To A Compact, Sustainable, And Better Solution. Presenting VARUNA; India's First Eco-friendly ...

# India Liquid-Cooled Switch SFP
