

# Indoor 12-core 10 Gigabit Multimode Fiber Optic Cable

This cable design is available in both riser rated and plenum rated versions for deployment in any inside plant re-code application. The UV-resistant outer jacket, coupled with dry waterblocking technology, ...

Designed for extensive indoor installations requiring short-range runs at 10 Gigabit speeds, this cable features a 12-Fiber of multimode fibers (50-micron core) encased in waterproof Aramid yarn and a ...

Water-blocked (dry technology), sunlight resistant indoor/outdoor tight buffer riser rated cable line offers the system designer the ultimate in premises fiber optic cable utility.

Infinique Distribution Tight Buffer Cables are suitable for indoor and outdoor applications. They are designed not just to save space and time but also to further simplify fiber management by eliminating ...

These cables consist of 12 to 216 fibers organized into 12-fiber ribbons inside a central tube. Dielectric strength members provide tensile strength while a specially formulated flame-retardant outer jacket ...

Single unit Circular Premise Cable designs allow for excellent packaging density, flexibility, and ease of routing. Buffered to 900&#181;m, these cables can be directly terminated into connectors in loaded panels ...

Single unit Circular Premise Cable designs allow for excellent packaging density, ...

This fiber optic distribution cable is intended for large installations of short range runs at LAN Speeds. It is composed of 12 multimode fibers (50 micron core) inside an Aramid yarn wrapped in a orange ...

It utilizes 900&#181;m Tight Buffers, Aramid yarn strength members, and exclusive use of Corning &#174; optical fibers. This cable is rated for all indoor installations, including plenum rated spaces and will have low ...

This is an aqua 1000 foot spool of fiber optic distribution cable intended for large installations of short range runs at 10 Gigabit speeds. It is composed of 12 multimode fibers (50 micron core) inside an ...

This is an aqua bulk 1000 foot spool of fiber optic distribution cable intended for large installations of short range runs at 10 Gigabit speeds. It is composed of 12 multimode fibers (50 micron core) inside ...
