

Indoor optical cable splicing package

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITEL, and FIS. FIS also splicing tools and accessories such as cleavers, thermal ...

These enclosures are designed to accommodate splice trays, manage fiber optic cables, and protect sensitive connections from environmental factors like moisture, dust, and physical damage.

Fiberlink offers a full range of Inline Fiber Splice Enclosure products, it is up to 12 cores to 576 fibers splicing capacity.

Fiber splice closures protect spliced fiber optic cables in indoor and outdoor installations. They protect spliced fibers from tensile stress, moisture, and temperature fluctuations.

The FB23-3956OSEB OSE (Optical Splice Enclosure) is a wall mounted central splicing and cable management enclosure with a weather tight design for indoor or outdoor applications.

Corning optical splice enclosure (OSE) provides a transition point between outside plant cable and indoor cable in fiber optic networks. This rugged enclosure protects up to 288 single-fiber or 48 ...

The indoor/outdoor fiber splice box from Amphenol Network Solutions is designed for splice-only applications. They are suited for optical cable splice collection points for DAS, MTU and MDU.

Explore reliable optical fiber splice closures for network deployment. Our closures prioritize reliability, installability, and flexibility.

Aerial & Direct Burial Fiber Optic Cable Enclosure with Fiber Splice Tray for Splicing with Fusion splicer with Fusion Splice Sleeves 60mm (Mechanical 96 Strand)
