

Kuwait 670nm Laser Diode Packaging

This PM laser Module is designed to emit a Gaussian beam and is packed in a coaxial package for a sleek, compact form. The Thermo-Electric Cooler (TE Cooler) is available as an option.

Wavespectrum offer the 670nm/660nm high power red laser diode,1W/1.5W output power,C-mount, TO3,E-mount package,FAC optional, 670nm red LD,high stability,long lifetime.

We offer fiber-coupled laser diodes for the most demanding scientific and industrial applications. Through the implementation of proprietary design, packaging, and fiber coupling technology, these ...

View datasheets, pricing and availability from DigiKey now!

This standardised approach results in no development costs, shortened lead times and reliable laser diode modules in industry standard packages. Our flexible business model allows for customisation ...

Description Model Number:QL6710D Wavelength:670nm - Package Type:TO-18 (5.6mm) - Optical Power Output :10mW CW

Proprietary design, packaging, and fiber coupling processes produce laser diodes with very high stability and low noise. Each laser diode is subject to extensive testing and burn-in before shipment to ensure ...

Superlight Technology Co., Ltd. is the agent and distributor of QSI/SHARP and other manufacturers in China, mainly providing original products and technical support for domestic customers, as well as ...

The Lasermate Group, Inc. LD670A5C17 is a red laser diode with a wavelength of 670nm and optical output power of 5mW (CW) at up to 70 °C, packaged in compact 5.6mm diameter base, TO-18 ...

QL67F7SA is a band gain guided InGaAlP laser diode with quantum well structure, typically emitting at 670 nm, with a nominal output power of 10 mW. It features single transverse mode emission and ...
