Co-designed with our pro Jesper Lundmark, it has a stable and predictable flight path up to 300ft, and will hold long anhyzer curves with minimal fade at the end.

The Fuse is the most versatile midrange driver Latitude 64 has ever made It has a stable and predictable flight path up to 300ft, and will hold long anhyzer curves with minimal fade at the end.

We wanted a disc that could hold curves with minimal fade at the end and are really pleased with the outcome. This superb midrange will fit in most players bags and is available in our popular Opto and ...

The Latitude 64 Fuse is one of the most versatile midranges ever made. Co-designed with pro Jesper Lundmark, the Fuse delivers a stable and predictable flight path up to 300 feet, with enough glide to ...

Choose your Latitude 64 Fuse disc golf disc from our huge selection. Individual ...

The Fuse is Latitude 64's flagship midrange; a smooth, versatile disc designed to make every throw feel effortless. With a gentle turn and unmatched glide, the Fuse excels at carving precise lines through ...

Experience the Latitude 64 Fuse, a versatile disc that blends distance and control, perfect for both beginners and experienced players on the course.

The Fuse feels better in my hands, and the -1 turn and 0 fade makes it ideal for straight 300ish shots. I think I've thrown it 6 times and I have 4 birdies with it.
