

Libya 635nm Laser Diode Module

635nm 30mW 50°C high reliable operation Saving space and cost of laser module Voltage driven LD, easy to use Highly stable laser output power Strong reverse bias protection High ESD sustainability ...

VLM-635 Quarton Inc. Laser Diodes, Modules parts available at DigiKey.

Diode laser module, small size, low cost, featuring metal housing with focusable acrylic collimating lens for excellent beam quality. Integrated driving electronics with surge current protection.

The LQA635-08C Laser Diode Module with Analog Modulation is a self-contained LD module with superior optical quality, a very high precision current source and a PID temperature controller, built in ...

635nm red laser diodes and red laser modules are available with both single-mode and multi-mode beam profiles. They have either free space or fiber coupled outputs. The diode laser packages are ...

All Laser Diode Brands on One Site, 635nm, Unbiased SELECTION GUIDE, Get Pricing and Select the Best Laser Diode

Micro LDM Laser Diode Modules feature an extremely compact design that includes automatic power control circuits and focusable optics. The rugged body is low voltage isolated from the drive ...

The Lasermate Group, Inc. LT-T series TTL modulated laser diode module is available in a wide range of wavelengths in the red and infrared spectral range ...

The LTC Series high-performance laser diode modules feature 635-980nm wavelengths, a circular beam, compact 0.5in housing, adjustable focus, and an integrated LED indicator--ideal for precise ...

The Lasermate Group, Inc. LT-T series TTL modulated laser diode module is available in a wide range of wavelengths in the red and infrared spectral range from 635nm to 980nm and different output ...

We also can make high power laser module, from 500mw to 10W . We can custom-made according to your requirements .

Libya 635nm Laser Diode Module
