

Looking to buy PLC optical splitters

Fiber-Mart 2x4 Fiber PLC Splitter can distribute or combine 2 optical signals into 4 outputs fibers.

Qty.50 x PLC Fiber Optic Splitters 1x2 1x4 1x8 1x16 1x32 Bare Fiber, SCAPC, Or LCUPC. Split ratios available: 1x2, 1x4, 1x8, 1x16,1x32. PLC technology for even signal distribution and low ...

Learn everything about PLC Splitter: what they are, how they work, and how to source the right one for your network. Complete buyer's guide.

Users can customize the ABS box type PLC optical splitters with different split ratios, different cable lengths, and different connector types according to requirements.

Discover FiberMania's PLC Fiber Splitter portfolio below, or get in touch with our team for tailored configurations designed to enhance the performance and efficiency of your optical distribution network.

Precision Micro-optics provides 1xN and 2xN series of splitters. Three packaging types are available fan-out PLC splitter, module PLC splitter, or rack mount PLC splitter shown below.

Fiberdyne Labs Inc. provides a whole series of 1xN and 2xN splitter products that are tailored for specific applications. All products meet GR-1209-CORE and GR-1221-CORE requirements.

We offer ABS box PLC Splitters with a wide range of styles and sizes to split or combine light with minimal loss. All splitters are manufactured using a very simple process that produces reliable, low ...

Due to a width of options for packaging, connectors and number of ports, splitters are usually made by order but turnaround is generally a week. A datasheet explaining most models and characteristics is ...

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters ...
