

Low-loss fiber optic cable clamps for metropolitan area networks

ZION Communication focuses on optical fiber cable hardware products, offering FTTH and ADSS series solutions--including stainless steel, nylon, and ...

Durable fiber optic cable clamps for round, flat, ADSS, and Figure-8 cables, ensuring safe and organized installation in aerial and indoor projects.

OMC"s durable fiber cable clamp for organizing and protecting fiber optic cables. Easy installation ensures stable support in FTTH and telecom networks.

High quality cable management products that keep fiber cables" minimum bending radius to prevent fibers from being damaged. By Panduit, Richco, Cable Clamp® and other leading manufacturers.

CommScope designs and manufactures a variety of Fiber Cable Clamps and Grounding Kits

Fiber Optic For use with fiber drop cables Black finish to easily distinguish from copper drop clamps Specially designed shim firmly secures rigid fiber jackets

Fiber optic cable clamps are devices used to secure and stabilize fiber optic cables in a wide range of applications, including telecommunications, data centers, and network systems.

ZION Communication focuses on optical fiber cable hardware products, offering FTTH and ADSS series solutions--including stainless steel, nylon, and composite flat cable drop clamps, tension clamps, ...

MefiberOptic provide a complete solution of products for fiber optic cable deployment for FTTx network constructions. We supply various clamps and brackets for ADSS or drop cable install solutions.

Fiber optic tension clamp aim to keep the tensile state fiber fixed and secure. It is a reliable and sturdy solution for optical cable management.

3M designs a variety of sizes, materials (flame retardant vs. non flame retardant) and configuration options so that our fiber optic splice closures can be used in almost every segment of the network.
