

Malta Temperature Measurement Fiber Optic Sensor Manufacturer

High-definition temperature sensing based on the natural Rayleigh backscatter in optical fiber delivers a virtually continuous line of temperature measurements with sub-millimeter spatial resolution.

Recognized as a leading developer and manufacturer of fiber optic temperature sensing and partial discharge monitoring products, providing solutions for a multitude of industrial applications.

We supply industrial sensors and gauges, including pressure, temperature, humidity, conductivity, flow, strain gauges; compression load cell, level transmitter

List of optical-fiber-sensor companies, manufacturers and suppliers serving Malta

Temperature Sensors Home / Others / Temperature Sensors Temperature Sensors Zebra M-300 - Electronic Temperature Sensor with battery EUR140.00 incl VAT

Fizoptika Malta is a manufacturer of the miniature fiber optic gyroscopes (FOGs) and FOG-based inertial measurement units (IMUs) with 33 years of industrial experience.

MostaTech Ltd is an industry leading manufacturer of miniature fiber optic gyroscopes (FOGs) and FOG-based inertial measurement units (FOG IMUs) with over 190,000 sensors supplied worldwide.
