

Miniature Optical Power Meter with Infrared Light Integration

The OptoSigma[®] PC / USB Power Meter sensors operate with a simple connection to a USB port on a standard PC. No additional power supplies or controllers are required. The microelectronic circuitry, ...

Optical Power Meter, Fiber Optic Cable Tester, Mini Fiber Light Meter w/9 Calibrated Wavelengths and FC/SC/ST Universal Interface Used for Optic Breakpoint Detection (-50+26dbm)

YIXIST Technology Co., Ltd. is a smart device tech company that specializes in making spectrometers and optical power meters, ensure that we continue to maximize value for our customers.

The ILT960-NIR is a compact, broad-band, portable, mini portable spectrometer used to measure both the light's amplitude and wavelength, and provide calibrated spectral irradiance, radiance or power ...

Our handheld optical power and energy meters are plug and play compatible with our wide range of calibrated optical sensors for the highly accurate and repeatable optical measurements required in ...

The Smart Detector Head incorporates the features of a full-function optical power meter (except display) in a miniature housing. This makes it ideal for applications that require multiple detectors in a ...

STD800 series mini Optical Power Meter and red light all-in-one machine series are controlled by single-chip microprocessor but multifunction. It can be well protected by using embedded detector and laser.

30 years of R & D and manufacturing experience - Jilong designed the OPM-22 series as a high-precision optical power meter, which adopts a pocket design, is mini and light, accurate in ...

The Jonard Tools Mini Optical Power Meter is perfect for measuring both the absolute optical power and relative power loss in fiber optic cables. It also features a built-in visual fault locator and network ...

STD800 series mini Optical Power Meter and red light all-in-one machine series ...

Multi-function and Mini Optical Power Meter APM58- Max.+26dBm OPM with 500 data storage - Micro USB charging - 20mW VFL for fast fault location - RJ-45 net cable testing - LED light for dark ...
