

# North Asia Matrix Fiber Optic Sensor Direct Supply

This sensor is CE certified, guaranteeing its safety and compliance with industry standards. Trust in the expertise and reliability of F& C brand, and experience the outstanding performance of the FFT ...

We have more than 5000 types of sensors and have more than 10 years OEM experience for Germany, Korean, France and US famous brand. Our sensors used on the labelling machine, vibratory feeding ...

The best fiber optic sensor system manufacturers can supply products worldwide, ensuring that you receive timely deliveries and support regardless of your location.

The company is committed to providing high-performance optical interconnection solutions for fields such as 5G communication, artificial intelligence (AI), cloud computing and medical care.

Our product offerings encompass a wide array of cutting-edge sensors, including fiber-optic sensors, fiber amplifiers, photoelectric sensors, proximity sensors, laser sensors, color sensors, and more.

The main production: Precision optical positioning products, precision optical measurement products, security protection, smart home and other electronic and electrical products.

Primarily focused on sensor manufacturing, our expertise spans a variety of including fiber optical sensors, fiber amplifiers, photoelectric sensors, proximity sensors, laser sensors and color sensors.

New Arrival Matrix Optic Fiber Sensor SDR68 Sensing Distance 20-200mm 68Fiber Core DC12-24V NPN PNP/NO NC for Presence Detection

Datalogic is a global technology leader in the automatic data capture and factory automation markets, specialized in the designing and production of bar code readers, mobile computers, sensors for ...
