

Optical Splitter Box with Fiber Fusion Tray

Fiber Optic Splice Trays are specifically designed to safely route and store optical fiber and associated splices. Typically, standard splice trays can hold up to 12 splices and can possibly also allow splice ...

Our fiber optic splice trays and boxes provide a secure and organized solution for managing fiber splices in various network environments. These enclosures protect delicate spliced fibers, ensuring long ...

Optical Distribution Box 48 (ODB-48): This outdoor enclosure is designed for FTTH PON and P2P networks. It can accommodate up to 96 fusion splices, plus 24 SC simplex or LC duplex adapters ...

AFL's LightLink series of fiber optic splice trays featuring a variety of unique and flexible splice and storage possibilities.

Discover CommScope fiber splice trays, fiber optic splice trays, and a convenient fiber splice organizer. Organize fiber connections with ease.

This 4 strand optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal. It can effectively terminate, protect and manage ...

FS offers passive optical components & termination equipment to meet flexible optical network needs by fiber signal attenuation, separation, termination, etc.

Our fiber optic splice boxes provide reliable enclosures for fusion splicing in FTTH/FTTB and campus networks. Designed for wall- or pole-mount deployment, each box houses splice trays, protects fiber ...

This 72 core inline fiber splice closure can be used as fiber optic distribution box that designed for optical splitting, fiber splicing, cable joint, termination and distribution. It suits the cable distribution of optical ...

Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. Choose from racks, panels, modules, splice trays, ethernet fiber switches and other structured cabling components.
