

Polish Network Cabinet 2U

Whether you're safeguarding surveillance electronics or managing network servers, the Electriduct Wall Mount Server Network Cabinets offer a secure, efficient, and reliable solution for your IT infrastructure.

Universal electric power cabinets are intended for indoor applications. The cabinet construction enables joining the cabinets in series in an easy way. They are produced in 19" overall dimensions.

The two smaller low profile enclosures (2U and 4U) have a solid steel door to give ...

Because the low-profile cabinet mounts vertically, it extends less than five inches from the wall while housing equipment up to 20 inches deep, including network switches and patch panels.

Designed to house EIA-standard 19-inch rack equipment, this cabinet ensures your equipment is secure, organized, and out of the way. Constructed from heavy-duty steel with a black powder-coated finish, ...

The two smaller low profile enclosures (2U and 4U) have a solid steel door to give maximum protection. A glass window with a steel frame is installed on the larger sized server cabinets (14U, 16U and 18U).

Get the best deals on 2u Enclosure In Server Rackmount Cabinets & Frames and find everything you'll need to improve your home office setup at eBay . Fast & Free shipping on many items!

These pre-assembled, heavy-duty steel enclosures provide the necessary materials and options to help get valuable network and IT equipment securely installed fast, conveniently and confidently. ...

These enclosures have an ultra low profile as a result of their vertical mounting configuration. They feature cable management punch-outs, ventilation and a dedicated location for mounting a patch ...

Low-profile 2U vertical-mount rack cabinet extends less than 5 inches from the wall to save space in small areas, including back offices and wiring closets.

Our wall mount cabinets are an ideal solution for environments where floor space is at a premium, or only a few pieces of network or IT equipment need to be protected.
