

# Price list for DML hybrid optical and electrical cables for data center interconnection

DuetConnect Hybrid Copper-Fiber Cables allow one cable to offer the advantages of DC power and fiber, safely delivering both over long distances to remote locations where standard power is ...

Instantly visualize your custom cable design, get real-time transparent pricing, and download a detailed engineering blueprint--all at your fingertips, completely free.

Our hybrid cables offer superior reliability and performance for diverse applications. Learn how our industry-leading cabling solutions can meet your specific needs.

Our team will make sure the configuration is tailored to your needs and will provide a detailed quote. Email us using the Request a Quote below, or give our team a call.

Our portfolio of optical and electrical cables - available in various form factors and speeds - offer a wide selection of breakout configurations for optimal performance of data centers and campus networks.

Discover APAR Gigavolt hybrid power and fibre cables that cut rollout time, simplify cable management and lower TCO for 5G, IoT and DAS networks.

OMC Hybrid cables are versatile and efficient solutions that combine the best features of both copper and fiber optic cables, providing reliable data transmission and power in one cable.

We provide fiber cables from over 15 different manufacturers including Draka, OFS, Belden, AFL, Optical Cable and many more. Our warehouses located on both coasts allow for fast and reliable ...

CommScope bundles hybrid cabling to your custom specifications, using our high-performance fiber-optic, unshielded twisted pair and coaxial cables.

We have one of the largest on-line inventories of Cat5e cables in the world, with a broad selection of standard UTP Cat5e patch cables, shielded Cat5e patch cables, Plenum Cat5e patch cables, and ...
