

Price of Transient Spectrometer

HELIOS is an automated femtosecond Transient Absorption Spectrometer. It is designed to work with a variety of amplified femtosecond lasers, including high-energy Ti:Sapphire amplifiers and high ...

EOS is a unique (Patent No.: US 7,817,270 B2) broadband pump-probe nanosecond Transient Absorption Spectrometer designed to work with a wide variety of pulsed lasers. A complete turn-key ...

Our novel TA system outperforms the known art, with a 100x increase in sensitivity over current methods. Advances in the instrument will permit its sale at a price 5x lower than conventional ...

Enhance your lab with top spectrophotometers like Eppendorf Biophotometer and Hamamatsu L6637. Unlock precision measurements. Shop on eBay today!

Get the best deals on Spectrometers & Spectrophotometers when you shop the largest online selection at eBay . Free shipping on many items | Browse your favorite brands | affordable prices.

Price and other details may vary based on product size and color. Need help? Online shopping for Spectrometers - Spectrometry from a great selection at Industrial & Scientific Store.

HELIOS is an automated femtosecond Transient Absorption Spectrometer. It is designed to work with a variety of amplified ...

For those seeking a cost-effective option, used systems are available with prices generally ranging from \$7,000 to \$60,000, depending on the brand, model, and condition of the equipment.

Explore optical spectrometers, systems, and components for spectroscopy, detection, and analysis. Ideal for UV-VIS, NIR, Raman, and fluorescence applications. Shop now at Edmund Optics!

Discover enVISTA: a low-cost, nanosecond transient absorption spectrometer with unmatched sensitivity and a wide probe range for fast, accurate results.

For those seeking a cost-effective option, used systems are available with prices generally ranging from \$7,000 to \$60,000, depending on the brand, model, and ...

Popular manufacturers of laboratory instruments offer favorable prices for spectroscopy equipment. The devices are characterized by high quality and a variety of capabilities:
