Distributor of angled and flat rack mount fibertrays. Various features include horizontally oriented adapters with phosphorus bronze split sleeves and angled fiber adapter patch panels. ...

A typical application for fiber-molded packaging is trays for transport and logistics processes--for example, for the secure storage and fixation of parts, electronic components, or medical samples.

Some fiber trays can degrade in a compost facility, and provide a "green" image for retailers to their clientele. At SPG, we work with retailers and commissaries to find the right tray for the application.

EDGE TRAY by CREO Composites represents our advanced line of FRP (Fiber Reinforced Polymer) cable tray systems, developed in close collaboration with trusted manufacturers.
