

Slovakian anti-corrosion and explosion-proof distribution box model

Primarily designed for installation in underground mines with methane occurrence and heavy conditions with an explosion risk of combustible gas, vapour, dust, and explosives. The cabinet may be fitted ...

These explosion proof junction boxes / terminal boxes, plugs, sockets & connectors are for use in explosive atmospheres in compliance with the ATEX 94/9/EC Directive and IEC.

Products are widely used in engineering projects such as petrochemicals, medical machinery, food processing, precision electronics, military ships, aerospace and aviation. The products are exported ...

The enclosures are certified Ex d IIB+H2 and Ex tb as well as "explosion-proof". They are available in many sizes, a wide range of operating elements and monitoring functions can be integrated. They ...

We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times. Our products are certified for installation technologies all over the ...

Atex control stations, explosion protected control units and distribution boxes made stainless steel maritime grade AISI 316L or AISI 304L. Atex Delvalle provides a custom build facility for Hazardous ...

Used for strong current connection of high voltage distribution box, all-in-one controller, battery box and other equipment. JX59 single-core series adopt plastic housing, while JX59M single-core series ...

BXM (D) 8030 Explosion-Proof Corrosion-Resistant Distribution Box, designed for hazard zones, ensures safe power control and prevents ignition risks.

Polyester distribution boxes have been of great advantage in many industrial plants. They offer safe protection even when they are exposed to extreme environmental conditions, aggressive chemical ...

From its global facilities ABB manufactures a wide range of ATEX, IECEx, UL, CSA approved electrical products for hazardous area applications. These include cable glands and lighting ranges.
