

Smart Optical Network Switch

?Versatile Applications?With 8 x 10G SFP+ port and multiple managed functions,this switch can be used in various scenarios,including 2.5G/5G/10G NAS (Network-Attached Storage) devices,PCIe ...

Our ONS - S2 is designed specifically for deploying passive optical networking in Intelligent Buildings. It allows you to create a single virtual switch with up to 1028 distributed ports, and centrally monitor ...

The Eco Fanless Gigabit Smart Switch enables you to connect to up to 10 Gigabit Ethernet, Fast Ethernet, or Ethernet devices. You can populate two switch ports with the optional Small Form Factor ...

Low-cost. Tough. And always ON! Compact PoE switch with built-in UPS and smart battery charger - because your CCTV cameras and access points deserve true off-the-grid resilience.

The DGS-1210 Web Smart switches provide functionality, security, and manageability targeting Small and Medium Businesses at a fraction of the standard total cost of ownership.

The DGS-1210 Series Smart Managed Switches provide versatile networking solutions with models offering from 10 to 52 ports. They are designed to support everything from simple network ...

The OX-GS3224WM-8C4S-L3 is a high-performance non-network-managed switch independently developed by Oxion. It features 24 ports supporting 10/100/1000 SFP, with ports 1-24, and an ...

Built on XENOptics" patented 3D Optical Switching (3D-OS) platform, the XSOS-576 delivers 576-port non-blocking switching, carrier-grade reliability, and ultra-low optical loss -- ideal for scaling large ...

Tackle complex networks with NETGEAR managed switches. Get PoE, SFP, and multi-gig support, plus cloud or local control. Shop now and power your business network.

Smartoptics provides innovative optical networking solutions for a new era of open networking. We focus on solving network challenges and increasing the competitiveness of our customers.
