

# Spectrometer Indexer

Versatile applications: This spectrometer covers a wide range of applications. ...

Online Spectral Database: Quick access to millions of NMR, IR, Raman, UV-Vis, and Mass Spectra.\* Registered users receive 5 free spectral views to explore SpectraBase. Learn more about our ...

SPECTROCUBE Portable XRF Spectrometer for Fuel & Lube Oil Analysis. SPECTROCUBE Portable XRF Analyzer - The High-Throughput Choice for Precious Metals Testing. Why upgrade your XRF ...

Versatile applications: This spectrometer covers a wide range of applications. Whether testing in homes, shopping malls, schools, factories or outdoor areas, it provides accurate and reliable results for a ...

These products are intended to assist compound identification by providing reference mass spectra for GC/MS (by electron ionization) and LC-MS/MS (by tandem mass spectrometry) as well as gas phase ...

OMNIC Spectra Software creates a database of spectral data through is a unique combination of spectral identification tools, interpretation algorithms, and scientific documentation that indexes information on ...

Advanced IR Spectrum Analyzer to interpret infrared spectroscopy data and identify functional groups in organic and inorganic compounds. Analyze characteristic absorption bands, assign spectral peaks to ...

Analyze your spectra with the peak finder, calculate FWHMs, concentrations, extinction coefficients, film thickness, integrate with or without baselines, use the data extraction tool, mixture analysis, do ...

PDIndexer is an analysis software for powder diffraction studies. PDIndexer runs on Windows OS with Desktop Runtime 10.0 (not Runtime 10.0), which can be installed from here. Access ...

You can search for FTIR functional groups by peak position, group, or class quickly from the table.

Designed for use with PASCO spectrometers, this software makes it easy to measure intensity, absorbance, transmittance, and fluorescence.
