

Sri Lanka SFP Optical Module QSFP28

Browse optical transceivers from Pivotal Optics including SFP, SFP28, QSFP28 & QSFP-DD modules. 1G to 400G solutions for data centers & networks. Shop now!

Standard 12/8 lane optical fiber with MPO pluggable optical connector.

Shop Adop Advanced Optical Technology 100g Qsfp28 For Cisco Qsfp 100g Sr4 at best prices at Desertcart Sri Lanka. FREE Delivery Across Sri Lanka. EASY Returns & Exchange.

With data throughput in excess of 28.0 Gbps per lane, our 1X (1 x lane) SFP28 Optical Module (SR/LR) is perfect for use with 25-Gigabit (25G) Ethernet and our 4X (4 x lane) QSFP28 Optical Module ...

The QSFP28 module provides 100GBase-LR4 throughput up to 10km over a standard pair of single-mode fiber (SMF) with duplex LC connectors. This transceiver is compliant with IEEE 802.3ba ...

The transmitting end of an optical module converts electrical signals into optical signals, while the receiving end converts optical signals back into electrical signals. Optical modules are classified by ...

The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, enterprise core & distribution layers, computing networks and ...

Certified and tested on Cisco QSFP-100G ports for superior performance, quality, and reliability, every module had been individually tested on switches before shipping, customers can rest assured to buy.

The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, enterprise core & distribution layers, computing networks and service provider applications.

The module converts 4 input channels of 25/28 Gbps electrical data to 4 channels of LAN WDM optical signals and then multiplexes them into a single channel for 103/112 Gbps optical transmission.

ModuleTek widely used in various networks, such as: Data Center, Telecom Network, Data Transmission Network, enterprise network, storage switching network, metropolitan area network ...
