

# Three-in-one optical power meter tester

Measurement Range:  $-70\sim+10\text{dBm}$  or  $-50\sim+26\text{dBm}$  (model dependent) Power Supply: Dry battery or built-in rechargeable battery Interfaces: FC/SC fiber optic ports, RJ45 Ethernet port Warranty: 1 year

Techtest Multi-Function 3 In 1 Optical Power Meter With 10MW Visual Fault Locator And Fiber Optic Network Cable Tester Digital Multimeter at best prices with FREE shipping & cash on delivery.

This versatile device combines an optical power meter, fiber tester, and network cable tester in one compact unit, making it for a variety of testing scenarios.

Get 3 fiber optic testing features in 1 device: optical power meter, source light, and visual fault locator. Make fiber optic networking easy and fast.

VIAVI offers fast, cost-effective, and easy-to-use power meters for installation and maintenance of single mode and multimode fiber optic networks and advanced, photonic-layer power meters for lab and ...

3-in-1 Tester for Fiber Optics: Find three features in one compact device, optical meter, source light, and, visual fault locator. Check continuity, test loss, and find physical damages.

**PREMIUM DESIGN** : This Optical Power Meter & Built-In Fiber-optic 10mW Visual Fault Locator replaces the need for Separate Light sources & Red Light Pens. **TECHNICAL SPECS** : The optical ...

This 3-in-1 optical fiber power meter comes equipped with a color display and offers versatile functionality, including optical power measurement, a light source feature, and red light detection. It ...

Equip your fiber optic toolkit with a versatile power meter. Measure optical power, detect breaks, and test network cables with these compact, portable devices.

Combines optical power meter, cable tester, fault locator, and PoE tester in one device for versatile use. Supports multiple wavelengths ( $-70$  to  $+6\text{dBm}$ ) and cable lengths up to 600 meters, ...
