

US Gigabit Industrial Switches

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

Workhorses for a broad spectrum of industrial needs, these modular switches feature high-wattage PoE options, high-speed 10-GE uplinks, and advanced network security capabilities. These full Gigabit ...

Ruijie offers next-generation industrial Ethernet switches designed for harsh industrial environments, providing flexible full-gigabit access as well as 10GE uplink ports, and supporting a wide operating ...

With Gigabit Ethernet, rapid failover, powerful security, and certifications for vibration, shock, and free-fall, these rugged switches protect your network.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting. This gives you the flexibility to build powerful ...

Unleash your network's power with our high-performance Gigabit switches! Experience lightning-fast speeds, upgrade to 1 Gbps, 10 Gbps, or higher, and enjoy transfers 100 times faster than Fast ...

Optimize industrial networking with rugged switches from Planet Technology USA. Explore solutions designed to withstand challenging environments.

Whether you're managing a factory floor, an energy grid, or any other demanding setting, industrial network switches provide the durability and performance needed to keep operations running ...

Digisol industrial switches consist of Unmanaged Din-Rail Industrial PoE Gigabit Switch, Unmanaged Industrial Switch, L2 Managed Din-Rail Industrial Gigabit PoE Switch & L2 Managed Din-Rail ...

Thoughtful features such as DIN rail mounting, Power over Ethernet (PoE) ports and rugged metal cases make these switches a great choice when deploying or expanding an Ethernet network in your facility.
