

Y8 Optical Power Meter Red Light Integrated Machine Accessories

It integrates functions such as optical power meter, red light source, network cable tester, cable finder, and laser rangefinder, and is specifically designed for FTTH (Fiber to the Home) scenarios.

Description: This all-in-one machine integrates optical power meter, red light pen, alignment function, LED lighting and other functions in one, which is very practical.

Versatile Functionality: The Handheld Multifunction Y8 Optical Power Meter is designed for continuous optical signal power measurement, ensuring precise testing of optical fiber link loss and on-off status.

Y8 VFL OPM 6-in-1 combines optical power meter, VFL, RJ45 tester, cable tracer, laser distance meter, and LED flashlight for versatile fiber and network testing.

4-in-1 Multi-Functions: OPM, VFL and Cable Tester function combined on 1 Unit, SM MM 7 wavelengths, test range: -70dBm~+10dBm, 5mw red light source. Optical Power Meter?Fiber ...

Tool Parts Mini optical fiber power meter red integrated machine YJ-550A/C optical power meter + red light - (Color: YJ-550C-30MW)

Brand GUANGYAN Model Y8 Detail Main characteristics: lighting. Network test. Test data store. Automatic switch. User self-calibration. Memory wavelength function. Optical fiber job identification. ...

The combination of fiber optic power meter & light source, check continuity, and help evaluate the transmission quality of optical fiber links. Smart appearance, sustainable backlit display, and friendly ...

- Versatile tool that not only measures optical power, but also features RJ45 testing, LED lighting, network finder (optional), and laser ranging (optional). - Compatible with SC, ST, and FC 2.5mm ...
